Evergreens, Palms
Roses, Etc.

**CALIFORNIA NURSERY
COMPANY**

1902-1903

Niles, California

Five Hundred
Acres

LOCATION, One-Half Mile West of Niles
Telephone Connection from Niles to Office

TO CORRESPONDENTS

1st. All orders should be sent in as early as possible.

2d. Orders should be legibly written out on a separate sheet and not mixed up in the body of the letter, thereby saving us a great deal of trouble, and tending to prevent mistakes.

3d. The articles in the following list will be furnished at the annexed prices *only* when the quantity specified shall be taken. FIFTY, however, will be furnished at the HUNDRED rate, and FIVE at the TEN rate. In no case does this mean so many trees of assorted classes, but refers only to *one class* of assorted varieties, for instance, 5 Apples, or 5 Pears, or 5 Plums, of different varieties, but not 2 Apples, 2 Pears, and 1 Plum.

4th. Where particular varieties are ordered, and particular ages and sizes of trees, kind of stock, etc., it should be stated whether, and to what extent, substitution will be allowed in case the order can not be filled to the letter. Where no instructions in this respect accompany the order, we shall feel at liberty to substitute other varieties as nearly similar as possible. If the selection of varieties is left *entirely* to us, we shall endeavor to send only such sorts as are acknowledged to give general satisfaction.

5th. All trees and plants are carefully labeled, and securely packed in the best manner, for which a moderate charge, sufficient to cover cost of material only, will be made; but no charge is made for the delivery of packages at the railroad or express offices at Niles.

6th. It is requested that explicit directions for marking and shipping packages accompany each order. When it is left for us to choose the mode of conveyance, we will exercise our best judgment; but as all articles are at the risk of the purchaser after being shipped, we must not be held responsible for any loss or delay that may occur through the negligence of the forwarders.

7th. Our customers are requested to notify us immediately of any errors that may be committed in filling their orders, so that we may at once rectify the same, as we desire to conduct our business in all respects satisfactorily to those who favor us with their confidence.

8th. Orders from unknown correspondents *must* be accompanied by the cash, or satisfactory reference. Orders to be sent C. O. D. *must* be accompanied by at least one-half the amount in cash; otherwise, they will receive no attention.

9th. Remittances may be made by draft on San Francisco, Wells, Fargo & Company's and post-office money orders on Niles, or cash by express, prepaid.

10th. Orders priced at single rates, and not exceeding four pounds in weight, can be forwarded by mail, postage paid; but when possible we recommend having them sent by express, as we are then able to send much stronger and better plants.

All communications to be addressed to

CALIFORNIA NURSERY COMPANY,
NILES, CALIFORNIA.

REMARKS

We have pleasure in submitting herewith our price-list for the coming season (eighteenth edition). It is our aim and intention, as hitherto, to supply only the best stock at the lowest prices, and the stock in hand for the new season is larger and more varied than ever before. We invite all to visit the Nursery, which is the largest, by far, of any on the Pacific Coast, whether as intending purchasers, or otherwise. If parties will notify us of the time of their arrival at Niles, we will have conveyance at station to meet them.

To reach our Nursery from San Francisco, take the broad-gauge ferry-boat for Oakland, leaving at 8:00, 8:30 A. M., and 12 M., and 3:30, 4:00, 4:30, 5:30, and 6:00 P. M. These make close connections with through trains direct to Niles. From Sacramento and all points centering there, the train leaving at 10:15 A. M. for San Francisco, *via* Lathrop, Tracy, Livermore, etc., should be taken. From San Jose and its southern connections, trains leaving at 5:15, 6:15, 8:40, and 9:30 A. M., and 12:35 and 4:35 P. M.

CALIFORNIA NURSERY COMPANY.

Niles, December 1, 1902.

OFFICERS:

WILLIAM J. LANDERS, President,
JOHN H. HENN, Secretary,

H. W. MEEK, Vice-President,
CENTRAL BANK, Oakland, Treasurer,

JOHN ROCK, Manager.

DIRECTORS:

WM. J. LANDERS, San Francisco,
HORRY W. MEEK, San Lorenzo,
EGBERT B. STONE, Elmhurst,

W. G. PALMANTEER, Oakland,
A. C. HAMMOND, JR., San Francisco,
JOHN H. HENN, San Francisco,

F. W. HOSMER, San Francisco.

SPECIAL NOTICE

Those only who can show a certificate of recent date, with our signature and the seal of the company attached, are authorized to solicit orders for us. We wish to call special attention to this notice, as we know it has heretofore been the practice of unprincipled persons to procure the catalogues of prominent nurseries and take orders in their names, which they fill with poor stock bought elsewhere. If our patrons will notify us of any person whom they have reason to believe is not a regularly appointed agent, we shall consider it a favor.

HINTS ON TRANSPLANTING

The many excellent treatises on Fruit Culture which have appeared within the past few years—one or more of which should be in the hands of every person intending to plant—render it almost unnecessary to give any directions in that line; yet we are so frequently asked for advice in this way, that we have concluded to offer a few general remarks.

The situation of the orchard having been decided on, the ground should be deeply plowed, subsoiled and thoroughly pulverized. The holes should be dug at least a foot larger in every direction than actually required by the roots when spread out in their natural position. In planting, the top soil should be broken down into the hole, and worked carefully in between every root and fiber, filling up every crevice, that every root may be in contact with soil, and the whole made quite firm as the filling up progresses. The tree, when planted, may in light soils stand from two to three inches deeper than it stood in the nursery; but in heavy clay or wet ground it is advisable to have it stand at the same height as it was before transplanting.

On account of our long, hot, dry summers, it is well to shade the sunny side of the tree, to keep borers out, with a board or shake, stuck in the ground, or a piece of burlap wound loose around the tree up to the limbs, top tied loose with a string. Whitewash made out of whiting or lime will also protect the tree against sunscald.

The following works, by California authors of wide experience, and written with Pacific Coast conditions particularly in view, will be found very useful to all Horticulturists:—

"California Fruits, and How to Grow Them," by Prof. E. G. Wickson, \$2.50.

"The Raisin Industry," by Prof. Gustav Eisen, \$3.00.

"Grape Culture and Wine Making," by George Husman, \$2.00.

For the convenience of our customers we have arranged to furnish them at the above publishers' prices.

DISTANCES FOR PLANTING

Standard Apples	25 to 30 feet apart each way
Standard Pears	20 to 24 "
Strong-growing Cherries	20 to 24 "
Duke and Morello Cherries	18 to 20 "
Standard Plums and Prunes	20 to 24 "
Peaches and Nectarines	20 to 24 "
Apricots	24 to 30 "
Grapes	7 to 10 "
Currants and Gooseberries	4 by 6 feet
Raspberries and Blackberries	3 to 4 by 5 to 7 "
Strawberries for field culture	1 to 1½ by 4 to 5 "
Strawberries for garden culture	1 to 2 feet apart

Number of Trees or Plants on an Acre at Given Distances Apart

	SQUARE METHOD.	EQUILATERAL TRIANGLE M th D.
Distance, 1 foot apart each way, number plants.....	43,560	50,300
2 feet apart	10,890	12,575
3 "	4,840	5,889
4 "	2,722	3,130
5 "	1,742	2,011
6 "	1,210	1,397
7 "	807	928
8 "	680	785
9 "	537	620
10 "	435	502
12 "	302	348
14 "	222	256
15 "	193	222
16 "	170	195
18 "	134	154
20 "	109	125
22 "	90	104
24 "	75	86
25 "	69	79
30 "	48	55
35 "	35	40
40 "	27	31

RULE—SQUARE METHOD.—Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of feet in an acre (43,560), will give the number of plants or trees to the acre.

RULE—EQUILATERAL TRIANGLE METHOD.—Divide the number required to the acre "square method" by the decimal .866. The result will be the number of plants required to the acre by this method.

PRICE LIST

OF

CALIFORNIA NURSERY CO.

SEASON 1902-1903

Prices quoted herein are for quantities and sizes specified; *for extra sizes, varieties, or quantities other than mentioned, special prices will be made.* Estimates cheerfully furnished on such lists.

 For index, see last page of Catalogue.

FRUIT DEPARTMENT

All our Fruit Trees are grown on **WHOLE** Seedling roots. The advantages of these in promoting the health and thriftiness of trees over others grafted on pieces or sections of roots, or budded on stocks grown from cuttings, is acknowledged by the best authorities, and is easily apparent to the most casual observer. *All two-year-old trees are branched low and are stocky, having been cut down or headed back when yearlings, two feet aboveground, except where noted.*

All of our Apple Trees and Grapevines are fumigated with hydrocyanic gas when dug, so are the buds, scions, and cuttings, prior to budding, grafting, or planting out in Nursery. This positively kills any insects that may be thereon, without any injury to tree or vines. We have erected on our grounds a new Fumigating House, with three compartments, so that we can disinfect, at any time, either 50 trees or 10,000.

	Each.	Per 10.	Per 100.
WOOLLY APHIS PROOF APPLE			
2 year, 1 to 1½ in. diam. 4 to 6 ft.	50	4 00

ORNAMENTAL DEPARTMENT

SPECIAL LIST

We have a special list of large-sized ornamental trees, palms, and evergreens, such as we have a limited stock of, not included in this catalogue.

Palms, dracænas, and evergreens have been mostly grown in boxes from one to three years.

This list will be sent on application.

DECIDUOUS ORNAMENTAL TREES

TRAINED TREES

This class includes a variety of large-sized trees, whose straight, regular stems were headed back or cut down to a uniform height of nine feet, and handsome, well-formed heads grown thereon. They are in splendid shape for planting on avenues, streets, or roadsides, for immediate effect. With ordinary care, little or no loss should occur in moving them, as they have been frequently transplanted.

	Inches in Diameter.	Each.	Per 10.
Ash—American	4 to 6	1 50	
.	3 to 4	1 25	
.	2½ to 3	1 00

	2 ft.	50

EVERGREEN HEDGE PLANTS

Each.

Box —Dwarf, per 10, \$1.50	15 to 18 in.	25
	per 10, \$1.00; per 100, \$8.00	8 to 12 in. 20
	per 10, \$0.75; per 100, \$6.00	6 to 8 in. 15
Cypress —Monterey, balled, per 10, \$1.50; per 100, \$12	1½ to 2 ft.	20
	Transplanted in boxes (of 100 each) 1 year,	
	per box, \$2.50; per 1,000, \$20	6 to 8 in.
Hawthorn —per 10, \$2.00; per 100, \$15.00	1 to 1½ ft.	25
Laurustinus —Common, balled	1½ to 2 ft.	40
	balled	1 to 2 ft. 25
Ligustrum —Japonicum (Japan Privet) Transplanted in		
	boxes (of 100 each), per box, \$3.00	6 to 8 in.
Privet —California, per 10, \$1.00; per 100, \$6.00	1½ to 2 ft.	15
	Evergreen, per 10, \$1.00; per 100, \$6.00	1½ to 2 ft. 15

DECIDUOUS FLOWERING SHRUBS

		Each.
Almond —Dwarf, Double White and Double Red . . .	3 to 4 ft.	50
Althea —(Rose of Sharon)	3 to 4 ft.	50
	1½ to 2 ft.	40
Double Pink, Double Red, Double White, Single White, Variegated, Violet, Semi-double.		
Apple Flowering —	4 to 6 ft.	75
	3 to 4 ft.	50
Atropurpurea, dark purple; Halleana, rose colored, semi-double.		
Bechtel's Double Rose	2 to 3 ft.	75
	1½ to 2 ft.	50
Scheideckers, (new) pink	6 to 8 ft.	1 00
	4 to 6 ft.	75
	3 to 4 ft.	50
Azalea —Mollis	12 in.	75
Occidentale	2 to 3 ft.	75
Berberry —Common, yellow	4 to 6 ft.	50
	3 to 4 ft.	40
	2 to 3 ft.	25
Purple-leaved, yellow	4 to 6 ft.	50
	3 to 4 ft.	40
	2 to 3 ft.	25
Broom —(Genista) Andreana, yellow and crimson . .	2 to 3 ft.	50
Scotch, yellow	3 to 4 ft.	50
Spanish, yellow	4 to 6 ft.	50
	3 to 4 ft.	40
Portugal, white	2 to 3 ft.	50
Calycanthus —Floridus (Sweet Shrub), double purple	1 to 1½ ft.	40
Præcox, yellow	2 to 3 ft.	50
Caragana —Siberian Pea Tree, yellow	6 to 8 ft.	75
Cercidiphyllum —Japonica	2 to 3 ft.	75
Ceanothus —Americanus, white	1½ to 2 ft.	50
Chamæcerasus —Alberti, violet	1½ to 2 ft.	40
Cherry —Flowering	4 to 6 ft.	75
	3 to 4 ft.	50
	2 to 3 ft.	40
Japan Double Red; Large Double white; Single Red; Ranunculus Flowering, double white.		
Cherry —Japanese Weeping, rose colored	4 to 6 ft.	75
	3 to 4 ft.	50
Corchorus —Japonica, yellow	2 to 3 ft.	50

			Each.
Crape Myrtle —Crimson	1 to 2 ft.	50	
Light Pink	2 to 3 ft.	50	
Pink	6 to 8 ft.	75

.	2 to 3 ft.	25	
Suspensa, yellow	3 to 4 ft.	50	
.	2 to 3 ft.	25	
Hibiscus —Mutabilis, white, changing to red	4 to 6 ft.	1 00	
.	2 to 3 ft.	50	
Honeysuckle —	3 to 4 ft.	50	
.	2 to 3 ft.	40	
Tartarian, pink; Tartarian, white; Grandiflora, red and white.			
Hydrangea —Hortensis, rose color	1 to 1½ ft.	40	

			Each.
Hydrangea —Hortensis, 6-inch pot	15 to 18 in.		50
Paniculata Grandiflora, white	1½ to 2 ft.		50
Ramulis Coccinea, deep rose, 6-inch pot	15 to 18 in.		50
Thomas Hogg, white	2 to 3 ft.		50
Variegated, pink, 7-inch pot	1½ to 2 ft.		40
Hypericum —Hircinum (St. John's Wort)	2 to 3 ft.		40
Lemon Verbena	4 to 6 ft.		50
	3 to 4 ft.		40
Leycesteria —Elegans, reddish-purple	2 to 3 ft.		40
Lilac —Assorted	6 to 8 ft.	1 00	
	4 to 6 ft.		75
	3 to 4 ft.		50
	2 to 3 ft.		40
Purple; White; Rothomagensis, red; Rubra de Marley, purple; Sanguinea, red.			
Lilac —Grafted Varieties	6 to 8 ft.	1 50	
	4 to 6 ft.	1 00	
	3 to 4 ft.		75
	2 to 3 ft.		50
Alba Grandiflora, white; Fleurs d'Oranger, creamy white; Frau Dammann, white; Chas. X., reddish purple; Chas. Joly, reddish purple; de Croncels, lilac; Gigantea, blue; Gloire de Lorraine, red and lilac; Gloire de Moulins, rosy lilac; Japonica, creamy white; Lemoinei, fl. pl., reddish purple; Ludwig Spath, purplish red; Michael Buchner, double, pale lilac; Persian, purple; Persian, cut-leaved, reddish purple; Pres. Massart, red and purple; Pres. Grevy, blue; Rubella, fl. pl., lilac; Rubra Insignis, red and purple; Virginalis, white; Villosa, purple and white.			
Magnolia —Gracilis, reddish purple	3 to 4 ft.		75
Kobus, bluish white	6 to 8 ft.	1 50	
	4 to 6 ft.	1 00	
	3 to 4 ft.		75
Lennei, dark purple	1½ to 2 ft.	1 00	
Purpurea, dark purple	3 to 4 ft.		75
Rubra, deep red	3 to 4 ft.	1 00	
	2 to 3 ft.		75
Soulangeana, white with purple	6 to 8 ft.	2 00	
	4 to 6 ft.	1 50	
	3 to 4 ft.	1 00	
Maple —Japanese	3 to 4 ft.	1 00	
	2 to 3 ft.		75
Atropurpureum; Atropurpureum dissectum; Atrosanguineum; Japonicum; Japonicum Variegatum.			
Mock Orange —Coronarius, fragrant, white	2 to 3 ft.		50
Coronarius fl. pl. Alba, double white	2 to 3 ft.		50
	1½ to 2 ft.		40

Each.

Mock Orange —Golden-leaved	2 to 3 ft.	50
Grandiflorus, white	4 to 6 ft.	50
	3 to 4 ft.	40
Paliurus —Aculeatus (Christ's Thorn), yellow	3 to 4 ft.	50
Photinia —Villosa, flowers white, berries red	4 to 6 ft.	75
	2 to 3 ft.	50
Plum —Triloba, double flowering, pink	4 to 6 ft.	50
	3 to 4 ft.	40
Tomentosa (Japan), pink flowers, red fruit	2 to 3 ft.	50
Poinciana —Gilliesii, yellow	4 to 6 ft.	50
	3 to 4 ft.	40
Pomegranate	4 to 6 ft.	75
	3 to 4 ft.	50
	2 to 3 ft.	40
Double Red, Double White, Dwarf, Mad. Legrelle.		
Purple Fringe —(Smoke Tree)	4 to 6 ft.	75
	3 to 4 ft.	50
	2 to 3 ft.	40
Crimson, crimson flowers	4 to 6 ft.	75
	3 to 4 ft.	50
Pyrus —Arbutifolia (Choke Berry) white	3 to 4 ft.	50
	2 to 3 ft.	40
Quince —Japan Scarlet	4 to 6 ft.	60
	3 to 4 ft.	50
	2 to 3 ft.	25
Japan White	3 to 4 ft.	50
	2 to 3 ft.	25
Rhus —Glabra Laciniata	2 to 3 ft.	50
	1½ to 2 ft.	40
Radicans	2 to 3 ft.	50
Vernicifera	4 to 6 ft.	50
	3 to 4 ft.	40
Rhodotypus —Kerrioides, white	3 to 4 ft.	50
Rose Acacia —Rose-colored	6 to 8 ft.	75
	4 to 6 ft.	50
Snowball	6 to 8 ft.	75
	4 to 6 ft.	50
	3 to 4 ft.	40
Snowberry —Variegated	2 to 3 ft.	50
Spirea —Antony Waterer, pink	2 to 3 ft.	50
Blue (Caryopteris Mastacanthus)	3 to 4 ft.	50
	2 to 3 ft.	40
Lanceolata	2 to 3 ft.	50
Prunifolia fl. pl., double white	2 to 3 ft.	50
Reevesii fl. pl., white	3 to 4 ft.	50
Thunbergii, single white	1 to 1½ ft.	40
Van Houttei, white	2 to 3 ft.	50

	Each.
Clematis —Jackmanii, intense violet	75
Jackmanii Alba, white	75
Kermesina, red	75
Madam Edouard Andre or Red Jackmanii	1 00
Madam Granger, crimson violet	75
Montana, white with pink	50
Paniculata, white	50
William Kennet, deep lavender	1 00
John Gould Veitch, double lavender blue	1 00
Gipsy Queen, velvety purple	75
Standishii, light mauve	75
Clianthus —Puniceus, crimson, 4-inch pot	50
Cobæa —Scandens, purple, 3-inch pot	40
Decumeria —Barbarum, white, 4-inch pot	75
Dolichos —Lignosus (Australian Pea Vine), purple	40
Honeysuckle —Fuschioides, brilliant scarlet	50
Assorted	35
Aurea-reticulata, Chinese Evergreen, fragrant; Halleana, white; Sempervirens, Scarlet Trumpet.	
Ipomea —Mexicana, purple with crimson, (bulbs)	50
Ivy —Giant, 4-inch pot	40
Irish, 4-inch pot	40
Variegated, 6-inch pot	50
Jasmine —Catalonian, fragrant, double white, 4-inch pot	50
Capensis, fragrant white, 4-inch pot	50
Ligustrifolium, white, 6-inch pot	50
Nudiflorum, yellow	40
Officinale, white	40
Revolutum, yellow, 5-inch pot	50
balled 3 to 4 ft.	50
Lycium —Barbarum (Matrimony Vine), pink with scarlet berries 3 to 4 ft.	50
Vulgare, purple 3 to 4 ft.	50
Kennedya —Rosea, rose-colored, 3-inch pot	40
Ovata, 3-inch pot	40
Rubicunda, dark red, 3-inch pot	50
Violacea Carulea, blue, 3-inch pot	50
Mandevillea —Sauveolens (Chili Jasmine), white, 3-inch pot	40
Manettia —Bicolor, scarlet, 4-inch pot	40
Passion Vine —4 and 5-inch pot	40
Coerulea, purple, white and blue; Colvillei, whitish with blue; Constance Elliott, white; Florabunda, white and purple; Jamesonii, pink; Pfordii, light purple; Tacsonia (Von Volxemi), scarlet; Buchanani, pink.	
Phaseolus —Caracalla (Snail Vine), 5-inch pot	75

	Each.
Phaseolus —Caracalla (Snail Vine), 3-inch pot	50
Physianthus —Albens, white, 6-inch pot	40
Silk Vine —(Periploca), purple	40
Smilax —5-inch pot	40
Solanum —Jasminoides, bluish white, 5-inch pot	40
Sollya —Heterophylla (Australian Bluebell), 5-inch pot	50
Swainsonia —Galegifolia Alba, white, 5-inch pot	50
3-inch pot	40
Grayana, pink, 5-inch pot.	50
Tecoma —Australis, yellowish white with purple	75
Jasminoides, white and red, 6-inch pot	50
5-inch pot	40
Mackenii, 8-inch pot	75
Trumpet Vine —See Bignonia Grandiflora	
Virginia Creeper —See Ampelopsis Quinquefolia	
Vitis Heterophylla —(Japanese Grape)	50
Wistaria —Chinese Purple	50
Chinese Purple Double	50
Chinese White	50
Magnifica, purplish white	40
Multijuga, light purple	50
Multijuga Alba, pure white	50

BAMBOO

	Each.
Aurea —balled, 8 to 12 shoots 4 to 6 ft.	1 50
balled, 6 to 8 shoots 3 to 4 ft.	1 00
Castillonis —(Phyllostachys), balled 6 to 8 ft.	2 00
Falcata —(Arundinaria), balled, 6 to 8 shoots 2 to 3 ft.	50
balled, 8 to 10 shoots 4 to 6 ft.	75
Hindsii —(Arundinaria), balled, 6 to 8 shoots 3 to 4 ft.	1 50
balled, 8 to 10 shoots 4 to 6 ft.	2 00
balled, 10 to 12 shoots 6 to 8 ft.	3 00
Metake —(Arundinaria), balled 4 to 6 ft.	75
balled 3 to 4 ft.	50
Palmata —(Bambusa), balled, 6 to 8 shoots 2 to 3 ft.	2 50
Nigra —(Phyllostachys), balled, 4 to 6 shoots 3 to 4 ft.	75
balled, 6 to 8 shoots 4 to 6 ft.	1 00
balled, 8 to 10 shoots 6 to 8 ft.	1 50

		Each.
Simoni —(<i>Bambusa</i>), balled, 3 to 4 shoots	2 to 3 ft.	75
	balled, 4 to 6 shoots	1 50
	balled, 6 to 8 shoots	2 00
Tesselata	2 to 3 ft.	2 00
Verticellata —6 to 8 shoots.	4 to 6 ft.	2 00
	4 to 6 shoots.	1 50
Viridis Striata —(<i>Glaucescens</i>), balled, 12 to 15 shoots, 10 to 12 ft.	10 to 12 ft.	3 00
	balled, 8 to 12 shoots, 8 to 10 ft.	2 00
	balled, 6 to 8 shoots, 6 to 8 ft.	1 00
	balled, 4 to 6 shoots, 4 to 6 ft.	75

PALMS, DRACAENAS, AGAVES, YUCCAS, ETC.

PALMS

Palms have now become almost indispensable in all decorations, whether for apartments, or conservatories, or the production of tropical effects in landscapes. When planted out, no class of plants make such a grand display, and none are of more easy culture. Rich soil, mulching, and watering will in a short time produce grand specimens.

While our main stock of these highly desirable garden ornaments is grown in the open ground, thereby obtaining the finest plants, we also cultivate more or less of each variety in pots or boxes. These are well-established, well-furnished specimens, suitable for hall or house decorations, or, where immediate effect is desired out-of-doors, they can be used to great advantage, being almost absolutely safe from any set-back. We distinguish the hardy sorts with an *.

A list of large specimen plants, of palms, etc., not enumerated in this catalogue, will be mailed upon application.

	Each.
Areca — <i>Lutescens</i> , 10-inch pot	30 to 36 in.
	6-inch pot 2 ft.
	5-inch pot 18 to 24 in.
*Chamærops — <i>Argentea</i> , balled	3 to 4 ft.
	balled 2 to 3 ft.

	Each.
*Chamærops —*Excelsa (Japan Fan Palm), boxed . . . 8 to 10 ft.	10 00
boxed . . . 7 to 8 ft.	8 00

balled	1½ to 2 ft. 75
<i>Longifolium</i> , balled	3 to 4 ft. 2 50
<i>Serratifolium</i> , balled	3 to 4 ft. 2 50
Nolina — <i>Beldingi</i> , balled	4 to 6 ft. 3 00
balled	3 to 4 ft. 2 00
balled	2 to 3 ft. 1 50

ROSES

We make the growing of roses a specialty, and, in order to supply the increasing demand for this most beautiful flower, make careful tests of all the new varieties introduced, retaining only such kinds as prove meritorious. With our large stock and abundant facilities, we are thus enabled to offer a collection adapted to various localities and one that can not fail to please the most fastidious grower. All our plants are grown entirely in the open ground, and consequently do not require the careful nursing, in order to insure success, which must be given to those propagated under glass in three months' time and sold at low rates. In the hands of rose lovers they can not fail to give entire satisfaction the first summer after planting. From November to March they can be shipped in a dormant state packed in moss. For culture best adapted to each class, we refer to our Descriptive Catalogue, No. 2. The varieties which we can supply in Tree Roses will be found listed separately. For the convenience of our customers, we have arranged all our roses alphabetically in their various classes.

NEW ROSES

Price, each, 50 cents.

- Crimson Hermosa** (Gruss an Teplitz)—“The reddest of all red roses.” In color the richest scarlet, shading to a velvety crimson as the flower matures; in size it is larger than Hermosa; very fragrant, free strong grower, and most profuse bloomer.
- Balduin** (Helen Gould)—An excellent variety, with large full flowers of fine form; bright glowing carmine; a free and continuous bloomer.
- Dorothy Perkins**—Large clusters of double flowers, soft light pink, fragrant and lasting.
- Gardenia**—Flowers bright yellow, changing to a cream color when open; very fragrant; free bloomer.
- Ivory**—A sport from Golden Gate, with large pure white flowers.
- Liberty**—One of the finest early-flowering roses; in color a warm rich crimson scarlet; surpassing its rival, the well-known Meteor, in abundance of bloom, size, and color.
- Queen of Edgely** or Pink American Beauty—A sport of American Beauty; color a bright pink; flowers large and deep cup shaped; very fragrant, like its parent.
- Soleil d'Or**—The first of a new class of roses between the Persian Yellow and the Hybrid Perpetual Antoine Ducher. Large globular flowers, varying in color from gold and orange to reddish gold shaded with nasturtium red.

GENERAL COLLECTION

Price, 25 cents each; per 10, \$2.00.
